

Cockpit care matt finish RM 652

Deep-cleaning care and protection for all plastics and rubber surfaces. Leaves silk-matt surfaces that look as good as new, are pleasant to touch and are water- and dirt-repellent.

Properties

- Intensive care and long-lasting protection for the vehicle cockpit and plastic cladding after cleaning
- Efficient UV protection formula
- Efficient colour protection formula slows down yellowing and bleaching of plastic surfaces
- The colour is refreshed and there is a pleasant, smooth feel
- Fine micro-scratches are concealed
- Makes future cleaning of the surface easier (less resoiling)
- Ergonomic spray head for uniform, extensive application and low consumption
- Pleasant, fresh citrus scent
- Ready-to-use detergent (RTU)
- Made in Germany

Application areas

Cockpit
Plastic panels

Usage options

Application

Manual

- If necessary, pre-clean heavily contaminated plastic surfaces with interior cleaner and dry. Spread silky-matt cockpit care product evenly on the plastic surface using a microfibre cloth and allow to take effect for a short time. Remove any excess product with a cloth and then lightly polish areas. Repeat treatment approximately every 6 weeks for value-preserving maintenance and regular cleaning.

Instructions for use

- Do not use on safety-relevant parts such as steering wheel and pedals.
- For optimal care, repeat the application every 6 weeks.
- Keep out of the reach of children

Warnings and safety recommendations according to EC Directives

- EUH 208 Contains BENZISOTHAZOLINONE. May produce an allergic reaction.
- P102 Keep out of reach of children.
